

MACTek® VIATOR® RS232 HART® Interface Model 010001

WIKA Data Sheet SP 10.10

Applications

- Personal Computer HART® Interface
- Communicates with all registered HART® Field Devices
- Operates with most PC based HART® Communication compliant Software

Special Features

- Compact, rugged case
- CE Mark for sale in Europe
- Integral HART® cable with two test clips
- Transformer isolation
- Powered from serial port
- Polarity insensitive

RS232 HART® Interface

Description

Overview

The VIATOR HART® Interface is a PC communication link to HART® networks for commissioning, servicing, calibrating, or acquiring data from any HART® instrument or transmitter.

Features

The Interface requires no special installation, operates on low power for notebook compatibility, and is isolated and fully HART® compliant. It draws power from the RS232 Interface and requires no external power supply. The Interface operates on as little as 2.0 mA at voltages as low as 4.0 VDC, which is well within the capabilities of most PC systems, including energy-efficient notebook computers. The Interface adheres to the EIA-RS232C standard and supports hardware handshaking.

Designed for Easy Use

The Interface is enclosed in a small, rugged plastic case, suitable for the industrial environment. The Interface's small size allows you to attach it directly to your computer's serial interface. No adapter cable is required.

Compatibility

The Interface is compatible with all Windows operating systems and also compatible with operating system software such as MSDOS V5.0 or greater that supports RS232 serial ports.

TECHNICAL SPECIFICATIONS	VIATOR RS232 HART [®] INTERFACE
SOFTWARE	
Operating System	OS that supports serial COM port WINDOWS 98, 2000, XP
ELECTRICAL	
Power Supply	+ 4V to + 12V, System powered by DTR and RTS RS232 inputs, Does not use external power supply
Supply Current	1.5 mA @ +4V. 4.0 mA @ + 12V
Pins to Computer	DB-9 Connector
Pins to HART [®] Device	2-pin, polarity insensitive test clips
Output Level	0.5 +/-0.1 Vpp trapezoidal wave @ 1200/2200 Hz
Isolation	1500 VDC between instrument and computer
ENVIRONMENTAL	
Operating Temperature	0°C to 50°C (32°F to 122°F)
Storage Temperature	-40°C to 70°C (-40°F to 158°F)
Storage Humidity	0% to 95% relative humidity
PHYSICAL DIMENSIONS	
Enclosure	49.4x33.3x15 mm (1.95x1.31x0.59 in) ABS industrial enclosure
Test Clip Cable	2m (6 ft) 2-strand wire terminating in two test clips
CERTIFICATION	
EMC 89/336/EEC	CE approved for emissions and immunity, EN 61326
For use in FM Hazardous Locations	In compliance with the FM standard for Class I Division II Hazardous Locations

Product	Order No.
Model 010001	7957522
Alternative available	
Modem USB	11025166
Modem RS232 ATEX	
EEx ia approved	2442791

Products manufactured by
