

Sensortester Digital

Drawing

Mat.-No.: 11084377

General data

ON NPN	LED red
ON PNP	LED green
Teach-in of the Sensor	integrated button on the sensor tester

Functions

Recognizing of the sensor type (NPN / PNP)
Output status of the sensor (on / off)

Electrical data

Supply sensor tester	2 * 9 V battery type 6F22, possibility for power supply unit as an accessory
Supply of sensors	18 V / 50 mA (battery), 24 V / 300 mA (Power supply unit)
Power consumption	LED on < 8 mA, with sensor: depends on the sensor type
Battery life	7h at 50 mA

Mechanical data

Housing material	ABS
Length	115 mm
Width	65 mm
Height	26 mm
