# Power Generation

Products For Fuel Control Applications

ENGINEERING YOUR SUCCESS.

# The Power Generation Market

For years, customers have relied on Parker valves to provide control solutions for gas and liquid fuel turbines.

## PH76 Servovalve

The PH76 servovalve provides high precision and control under harsh operating conditions. The torque-motor pilot design of the PH76 servovalve incorporates mechanical feedback for high response. Non-arching, non-sparking, ATEX, CSA, and Factory Mutual certification available.

## BD15 Servovalve

Parker's BD15 servovalve features a single source pilot design to best protect your system against "hard-over" failures. An internal filter mechanism makes the BD15 highly tolerant to contamination and easy to maintain. Meets ATEX, CFA, and Factory Mutual requirements. Made in the USA.

# Fuel Control Systems

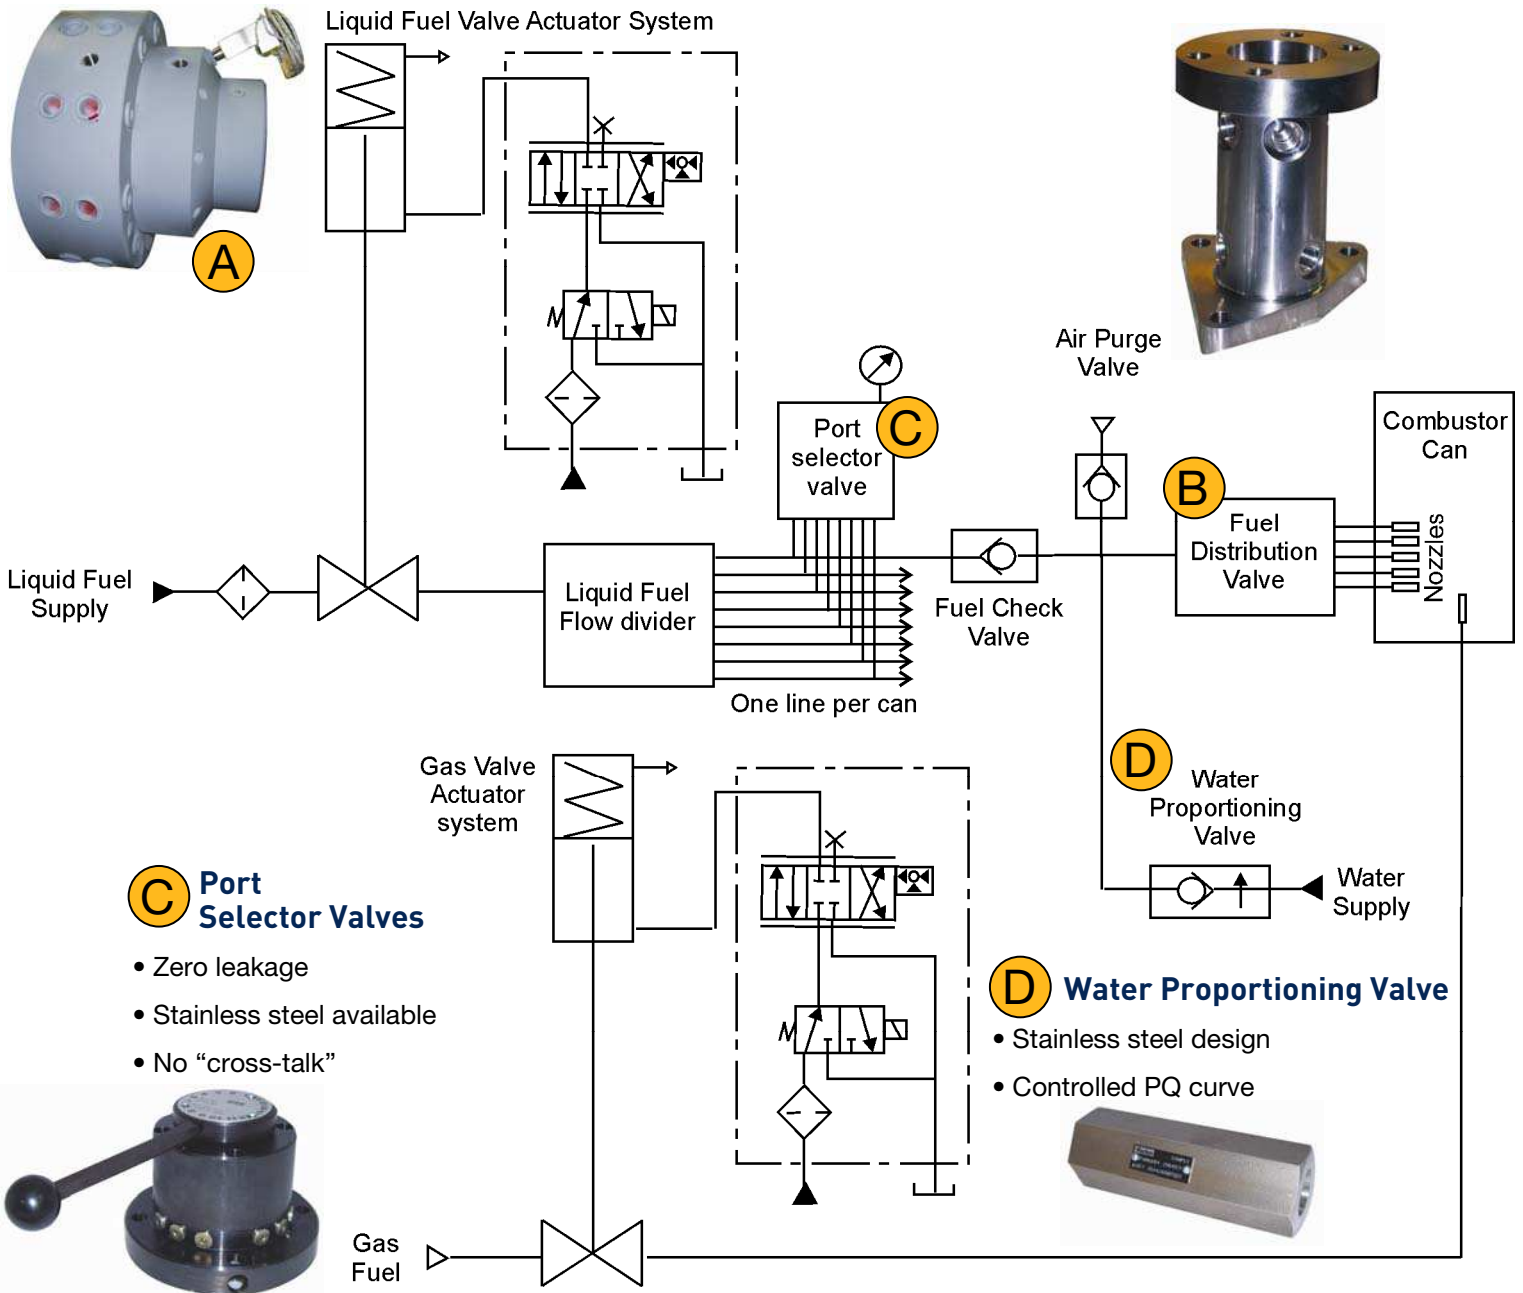

In addition to catalog items, Parker provides a variety of custom equipment to serve the Power Generation market.

## A Isolation Valves

- Synchronized poppets
- In-position switch
- Zero leakage

## B Distribution Valves

- 5 and 6 port designs
- Regulated nozzle pressure
- Stainless steel

## C Port Selector Valves

- Zero leakage
- Stainless steel available
- No "cross-talk"

## D Water Proportioning Valve

- Stainless steel design
- Controlled PQ curve

# Parker Hydraulics International Sales Offices

## North America

### Hydraulics Group Headquarters
