

- Ensures the optimum alignment of reading head and code rail
- With prefitted mounting plate for reading head
- Cleaning brushes can be applied

## WCS2-GT09-P1

## Technical data

### General specifications

Passage speed  $v$   $\leq 8$  m/s

### Ambient conditions

Operating temperature  $-40 \dots 70$  °C ( $-40 \dots 158$  °F)

### Mechanical specifications

Bending radius  $\geq 1000$  mm

Material Metal sheet (steel), zinc-plated  
Plastic rollers

Mass 1000 g

## Dimensions
