Function

This signal conditioner provides the galvanic isolation beetween field circuits and control circuits.

The device converts RTD input signals or thermocouple input signals on the field side to 0/4 mA ... 20mA signals on the control side.

The removable terminal block KC-CJC-** is available for thermocouples when internal cold junction compensation is desired.
A fault is indicated by LEDs acc. to NAMUR NE44 and by user-configured fault indication outputs.

If used the device with Power Rail, a collective error messaging feature is available.
The device is easily configured by the use of the PACTware configuration software.

Accessories

Power feed module KFD2-EB2

The power feed module is used to supply the devices with 24 V DC via the Power Rail. The fuse-protected power feed module can supply up to 150 individual devices depending on the power consumption of the devices. A galvanically isolated mechanical contact uses the Power Rail to transmit collective error messages.

Power Rail UPR-03

The Power Rail UPR-03 is a complete unit consisting of the electrical inset and an aluminium profile rail 35 mm x 15 mm. To make electrical contact, the devices are simply engaged.

Profile Rail K-DUCT with Power Rail

The profile rail K-DUCT is an aluminum profile rail with Power Rail insert and two integral cable ducts for system and field cables. Due to this assembly no additional cable guides are necessary.

⚠ *Power Rail and Profile Rail must not be fed via the device terminals of the individual devices!*

KC-CJC-**

This removable terminal block with integrated temperature measurement sensor is needed for internal cold junction compensation for thermocouples.

Adapter K-ADP1

Programming adapter for parameterisation via the serial RS 232 interface of a PC/Notebook

For programming, please use the new version of adapter K-ADP1 (part no. 181953, connector length 14mm). When using the previous version K-ADP1 (connector length 18 mm) the plug is exposed by approx. 3 mm. The function is not affected.

Adapter K-ADP-USB
