

**Technical data**

**Electrical specifications**

Current see type code

**Type code/model number**

**Function**

The fuse must be selected acc. to type (digital valve DV or proportional valve PV) and operating voltage and ordered separately.

Maximum fusing values when using other solenoid valves:

- 230 V AC            200 mA
- 115 V AC           315 mA
- 24 V DC            2000 mA

Back-up fuse for solenoid valves			PCU-F-Ex. * * * * MA
	DV	PV	
80 mA	230 V		8 0
100 mA			1 0 0
160 mA	115 V		1 6 0
200 mA		230 V	2 0 0
315 mA			3 1 5
400 mA		115 V	4 0 0
630 mA	24 V		6 3 0
1000 mA			1 0 0 0
1600 mA		24 V	1 6 0 0
2000 mA			2 0 0 0
