Основные особенности

Provides alarms, alarm descriptions and recommended actions via StruxureWare Data Center Operation: Mobile for data center operations on the go.
Quickly locate bar-coded assets via the search functionality using the optional StruxureWare Data Center Operation: Mobile.
Eliminate manual data entry and reduce errors by adding, moving and retiring devices whilst on the move.
View work orders and immediately update status as you complete tasks.
Keep your physical data center synchronized with your StruxureWare Data Center Operation: Mobile.

Perform instant inventory management through view of rack content and history.

Work online or offline to access work orders and asset data whilst on the move in the data center.
