Bedienhinweis

1. Position mark

Turn rotary switch to "Teach" position. Press and hold teach-in button > 1 s. Red emitted light and yellow LED flash.

2. Position background

Press and hold teach-in button > 1 s. Yellow LED goes out.

Example

Switching characteristics

The optimum emitted light is selected automatically.
 Light/dark setting is defined using teach-in sequence.
 The switching threshold is set in the center between the background and the mark.
 Teach-in can also be performed using an external control signal.
